REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The claims are deemed allowable because the prior art does not teach or reasonably suggest a compressor assembly having a base with a support surface and an upwardly extending wall, an elastomeric coating covering at least a portion of the base to define a fluid tight containment area, and a fluid compressor positioned at least partially in the containment area. McTarnahan (US 1,553,091) discloses a fluid pump on a base 1 having a fluid containment area 3. However, McTarnahan does not disclose a fluid compressor on the base and an elastomeric coating covering at least a portion of the base to define a fluid tight containment area.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry relating to patent applications in general should be directed to the Patent Assistance Center at 1-800-786-9199.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael Kocz, Jr. whose telephone number is 571-272-4830. The examiner can normally be reached on M-Th; 7:00-3:30.
